Иконка Football Manager 2020 Sports Interactive Sega PlayStation PortableAndroidiOS Football Manager Handheld 2007 Football Manager Mobile 2021 Football Manager Mobile — серия игр в жанре симулятора футбольного менеджмента для мобильных устройств и портативных консолей. Описание[] Первая игра вышла 13 апреля 2006 года под названием Football Manager Handheld 2007, это была первая игра для портативной консоли. В апреле 2010 года игра стала доступна для загрузки на iOS. Версия для iOS отличалась от PSP-версии, и имела совершенно новый интерфейс: обусловленный сенсорным экраном этих устройств, а через два года игра была также доступна на устройствах Android. В 2015 году для устройств iOS и Android появился новый 2D-движок симуляции матча, а также появилась возможность приобрести внутриигровой редактор игры. В 2016 году название игры изменилось на Football Manager Mobile под которым игра выпускается до сих пор. Последняя игра Football Manager Mobile 2021 выход которой планируется 24 ноября 2020. By installing this game on your Android device, you can coach your favorite team! You can choose your favorite team from the 15 league, Poland and Turkey, two new countries added to the 2018 version! In this game, you can specify the composition of your team, buy and sell players and fully manage a football team! During the tournament, you can watch the most important scenes of the game in two-dimensional fashion. The 2018 edition of Football Manager Mobile has made important advances, searching for young talent has become much better, and you now get more information about the players you're looking for. You also have more options available in the transfers section and you can borrow a player and then at the end of the season, you will be completely transferred to your club! If you are a football fan of your management type, then Football Manager Mobile 2018 will undoubtedly win! by DounBox Team · Published April 6, 2022 · Updated July 26, 2022 Free download Football Manager Mobile 2018 With Real Players for android. Additional Information Requires Android4.1 and up Mobile TestingSecurity () Football Manager Mobile 2018 apk is a sports competitive game. Players have a fresh and more realistic way to control the team in the game, not only to make it easy for old players to get started, but also to bring enough freshness. The selection and training of real stars, strategy and tactical arrangement, and the formation of clubs allow players to lead the team they love to the championship and feel the charm of football! apkAwArD.cOm Download FM 22 Mod Apk + data + OBB files for Android with latest save data files for all teams. FM 22 means "Football Manager Mobile 2022" in full. This update includes latest players transfers, new 2022 kits, Real player names, logo pack, face pack and stadium upgrades. There is a bit of improvements in the game graphics as well, which is an improvement from the previous version FM 2021. About FM 22 It's a football simulation game for Android that is designed to test your managerial skills so it's a bit different from other traditional soccer games. The game is developed by Sports Interactive and published by Sega. It's available on different platforms including Microsoft Windows, macOS, Linux, iOS, Android, PlayStation Portable but we are concentrating on the Android version in this context. Therefore, if you are looking for a game that will give you the opportunity to manage a club like a pro, then Football Manager 2022 is for you. An alternative is Dream League Soccer 2022. In this game, there are agents and scouts who assists in scouting for talents that you could sign to your team. You can equally sell some of the players in your team to get more money which can be used to sign new players or other activities. Over 60 leagues from 25 different nations is featured in this years edition of Football Manager. Just pick your favorite team, and develop it to be the best to win trophies. Load up to 5 nation in career mode to have a pool of starts to select from. There is transfer window where you can sign any top player of your choice as long as your budget can carry it. Select from different formation templates in the game or simply create and customize your own tactics that suits your team. Football management at its peak. CHECK ALSO: Download Tom and Jerry: Chase Mod APK for AndroidKey Features Players facial Improvement makes them appear more real. Scouting improvements Introduction of more new younger players with good potential points Player rating improvements New skills unveiled Celebration styles The backroom Staff now provides feedback to you as the manager in order to check on the player's ability Canadian league is also added Moroccan League Added as well Game control more improved FM 2022 App Information Name FM 22 Version 13.3.2 Size 490MB Platform Android Category Football Updated August 11, 2022 Downloads 40,000,000+ Rating 4.1/5 FM 22 Apk (21.34MB) FM 22 OBB (473MB) Alternative Download Link Download Here (Play Store) How to Install FM 2022 on Android First download all the FM 22 files above. Using Zarchiever App, select FM 2022 Mobile Obb file. Click on the "fm 22", an options menu will pop up Click on "Extract". Next, tap on the upper Zarchiever App interface A drop Menu will appear, click on "device memory" (but it can appear as SDcard0) in some devices. Then tap on "Android Folder" Now look for the Obb Folder which is already created in the Android Folder Finally, tap on the "extract icon" which looks exactly like an arrow pointing downward and waits until it finally extracts At this stage, you have successfully installed football manager 2022 to your Android smartphone. Football Manager 2022 Mobile Real Player Names Issues and Fix The developers, Sports Interactive doesn't have the license to use professional FIFA players name in the game. However, there is a trick to fix this and start using real player names in the game. To use real player names in FM 22 Mobile, just download FM 22 Real Player Names Save Data Files and replace your old game data file (located in your Android file Manager) with the new save data file. We have uploaded tones of latest files for major clubs in Europe and America. FM 22 Real Player Names Save Data To enjoy real player names in Football Manager 2022 Mobile, you need to use a save data file for each club. We have uploaded the most recent save data files for major clubs which contains original player names, Jersey numbers, position and playing styles. The files are listed below; CHECK ALSO: 50 Best Trending Android Games this Month August 2022NOTE: Because "resume button" is not working on Football Manager Mobile 2022 at the moment, you can only use ONE save data at a time. Also note that this save data should be used when you are starting a new career and not when you already have a saved game progress that you want to continue. This is for Android users, if you are using Windows PC, this is how to fix real player names in the game. We will keep uploading new save data files for more clubs. How to Play First you will pick a random team, select your preferred tactics, assign positions to players, scout for players and sign new players from your money (coins). Then, try and win as many matches as possible to boost your team form just as in real time. As you play and accumulate coins, you can upgrade your players, upgrade Stadium, sign more players until your team becomes the team to beat.
